WHY BUY A TIFFIN MOTORHOME?

The Best Limited Warranty in the Business

10-YEAR UNITIZED CONSTRUCTION WARRANTY

THE STRUCTURAL INTEGRITY OF THE ENTIRE COACH IS GUARANTEED FOR THE NEXT 10 YEARS. THIS INCLUDES WALL SEPARATION AND INNER FRAME WEAKNESS.

5-YEAR “HYDRA-VAC” LAMINATION WARRANTY

WE GUARANTEE AGAINST ALL EXTERIOR FIBERGLASS DELAMINATION OR WALL SEPARATION.

We can make these guarantees, and no one else can come close to them, because we take the extra steps and make the extra investment in the building methods and materials that support these extraordinary guarantees. It’s not the cheapest way to build motorhomes, but it is the best way. It’s the Tiffin way.

Service After the Sale

The feeling of freedom, of being able to go anywhere you want, is something that can’t really be put into words. It’s kind of like the feeling you get when buying a Tiffin. It’s a freedom, too. A kind of confidence and peace of mind that you just can’t get from other manufacturers. We not only stand behind every coach we sell, but we stand behind every customer as well. Because we don’t want anything to detract from your unique experiences exploring the world in a Tiffin. So when you slide behind the wheel of one of our motorhomes, just look over your shoulder. There’s an entire company riding right there behind you—every mile of the way.
Comes with a backyard that changes when your mood does.

You never know what each new day will hold. That's what's so nice about traveling in the new 2005 Allegro Bus from Tiffin Motorhomes—whatever experience you're in the mood for, you can make it happen as easily as turning a key. With its big diesel pusher, it's got plenty of power to get you where you're going. And with amenities like the Ultra Leather® upholstery, surround sound stereo and side-by-side refrigerator/freezer, you'll be arriving in comfort. But best of all, it's a Tiffin and it's backed by one of the best warranties around. Which means that of all the moods you might experience, regret won't be one of them.
From the Ultra leather Flexsteel® seats atop the STURDY CHASSIS, the driver and front passenger have a completely unobstructed view of the road, as the wipers rest in the horizontal position on the LARGE ONE PIECE WINDSHIELD.

With the seats facing forward, the RESTYLE DASH POD, featuring a COLOR REAR MONITOR, is within easy reach; when unlocked and swiveled around, the seats provide ADDITIONAL SEATING in the living room, which features a standard enclosed SURROUND SOUND SYSTEM, AUTOMATIC SATELLITE DISH and an optional 32" LCD TV.
The SPACIOUS LIVING AREA is highlighted by the SEVEN-FOOT HIGH CEILING and is accented by the amount of CABINET STORAGE throughout. We offer far more cabinets than most other manufacturers. Each of ours is manufactured on-site and has SOLID HARDWOOD DOORS. The redesigned passenger slide can accommodate a full size sofa on select models. The galley features SOLID SURFACE COUNTERTOPS, a stainless steel carousel MICROWAVE/CONVECTION OVEN and a two burner cook top.
Besides the many OVERHEAD CABINETS, there's ADDITIONAL STORAGE in a chest of drawers that includes a LAUNDRY HAMPER. Dual-controlled overhead READING LIGHTS, a standard 20" FLAT SCREEN TV and a generator on/off switch located next to the optional king size bed add to the CONVENIENCE and FUNCTIONALITY of the SPACIOUS area.
The bathroom is highlighted with BRUSHED NICKEL ACCENTS and affords a great deal of space. Along with our frames and cabinets, all fiberglass parts are manufactured locally, helping to ensure the most stringent quality control.

Our fabric designs and choices of wood grain are sure to suit every taste. All cabinet finishes are available in combination with all fabric schemes.
We offer five different exterior full body paint packages, aside from our unparalleled customer service, one of the things that Tiffin has been known for over the years is innovative floor plans.
