START YOUR JOURNEY WITH THE MODEL THAT STARTED IT ALL. Not only is the Allegro the first model Tiffin ever produced, it’s also the most popular with first-time RV owners—and for good reason. In addition to its affordability, the Allegro surpasses the industry average in design, reliability, quality, warranty, and parts support. It also scores high with Tiffin owners on comfort, offering many cozy features and options, from a sleeper sofa and dining booth to an optional fireplace and bunk bed. Ample space inside the coach ensures nothing is left behind, while an abundance of handcrafted cabinets keep items neatly tucked away. Under-coach storage extends up to 203 cubic feet, and includes bins for luggage and traveling gear. Built to the highest safety standards, the 2013 Allegro is good to go.
Personalize your home away from home with our stylish interior options. For 2013, choose from three exclusive fabric designs—Autumn, City Lights, or Raven. Each interior scheme comes with matching window valances, solid wood cabinet fascias, and standard solid surface countertops. Just add your decorative touches, and your family will feel right at home.

Allegro cabinet doors & fascias are made of solid wood, & all cabinet finishes are available in combination with any fabric suite. All options may not be available in every model. Because of progressive improvements, specifications, standard & optional equipment are subject to change without notice or obligation. For a complete & up-to-date list of available options & specifications, visit tiffinmotorhomes.com

WHY BUY A TIFFIN MOTORHOME?
No one invests more time and effort into the construction and engineering of motor homes than we do at Tiffin. To ensure superior quality, we design and make many parts ourselves, such as our roof cap, one piece of moisture-resistant molded fiberglass that prevents water intrusion and seamlessly seals a 5½" layer of formed insulation. Outside wall panels are gel-coated fiberglass over high performance thermal insulation. Underfoot, the vinyl tile floor is bonded to high-impact oriented strand board, which is secured atop thermal insulation and a woven moisture barrier material. Underneath it all, every model is built on an innerframe of durable, tubular aluminum. As a new coach comes off the line, we think the result speaks for itself. There isn't a more comfortable, better-built motor home on the road today.

10-YEAR LIMITED FRAME WARRANTY
We warranty the frame of the walls, floors, and roof for 10 years.

5-YEAR LIMITED SIDEWALL BOND WARRANTY
We warranty the sidewall against delamination between the outside fiberglass and the innerframe for 5 years.

GO TO TIFFINMOTORHOMES.COM

FOR PARTS & SERVICE CALL 256/356.0261
FACEBOOK.COM/TIFFINMOTORHOMES TWITTER.COM/TIFFINMOTORHOME

Over the years, my family and I have had the pleasure of meeting many of our wonderful Tiffin customers. They’re truly among the nicest folks in the world. So, if you’re thinking about buying a Tiffin, don’t be shy about asking our owners to tell you about their experiences. After all, no one knows our coaches better than the people who drive them. Of course, we’d love the chance to chat with you, too, so give us a call, visit our website, or just stop by the office if you’re ever in Red Bay.

Safe travels!
