WHY BUY A TIFFIN MOTORHOME?

The Best Limited Warranty in the Business

10-YEAR UNITIZED CONSTRUCTION WARRANTY

THE STRUCTURAL INTEGRITY OF THE ENTIRE COACH IS GUARANTEED FOR THE NEXT 10 YEARS. THIS INCLUDES WALL SEPARATION AND INNER FRAME WEAKNESS.

5-YEAR “HYDRA-VAC” LAMINATION WARRANTY

WE GUARANTEE AGAINST ALL EXTERIOR FIBERGLASS DELAMINATION OR WALL SEPARATION.

We can make these guarantees, and no one else can come close to these, because we take the extra steps and make the extra investment in the building methods and materials that support these extraordinary guarantees. It’s not the cheapest way to build motorhomes, but it is the best way. It’s the Tiffin way.

Service After the Sale

The feeling of freedom, of being able to go anywhere you want, is something that can’t really be put into words. It’s kind of like the feeling you get when buying a Tiffin. It’s a freedom, too. A kind of confidence and peace of mind that you just can’t get from other manufacturers. We not only stand behind every coach we sell, but we stand behind every customer as well. Because we don’t want anything to detract from your unique experiences exploring the world in a Tiffin. So when you slide behind the wheel of one of our motorhomes, just look over your shoulder. There’s an entire company riding right there behind you—every mile of the way.
With the 2005 Phaeton from Tiffin Motorhomes, it’s easy to forget your troubles. The large living area, fully equipped kitchen and big diesel pusher all provide the means to get away. But they also offer peace of mind, because they’re all part of a vehicle backed by one of the best warranties in the business. With the Phaeton we offer features like a computer navigational system and flat screen TVs, but more importantly we offer the same unparalleled customer service that comes with all of our coaches. Because for all the times you get out on the road to lose yourself, it’s nice to know you’re never really alone.

At times, you just want to lose yourself.

For others, there’s our computer navigational system.
The standard Ultra Leather Flexsteel® seats, sitting atop the STURDY CHASSIS, give both the driver and front seat passenger a smooth, steady ride while the huge one-piece windshield offers a sweeping, UNOBSTRUCTED VIEW OF THE ROAD ahead. Both front seats can be unlocked and swiveled around to add EXTRA SEATING in the living room, where the standard FLAT SCREEN TV and SURROUND SOUND SYSTEM offer the best in entertainment. Adding to the overall appearance and comfort, OVERHEAD EXTERIOR AC DRAINS channel rooftop condensation away from the windows and front door.
The SPACIOUS LIVING AREA is highlighted by the SEVEN-FOOT HIGH CEILING and is accented by the ABUNDANCE of CABINET STORAGE throughout. The Armstrong® plank flooring is standard on the landing, kitchen and bathroom floors. The galley features a STAINLESS STEEL SINK with pullout faucet, SATIN NICKEL HARDWARE, a convection microwave, cook top and a side-by-side REFRIGERATOR with solid hardwood, raised door inserts.
Along with the ROOMY, MIRRORED CLOSET and numerous overhead cabinets, the bedroom has a chest of drawers that features a LAUNDRY HAMPER. There's an optional king size bed, and every bedroom slide has a headboard flanked by a window that provides a SOOTHING CROSS-BREEZE while relaxing in front of the FLAT SCREEN TV.
RAIN GLASS SHOWER DOORS come standard, and all hardware has a satin finish. Along with our frames and cabinets, we also manufacture all of our own fiberglass parts locally, helping to ensure the most stringent QUALITY control.

Our fabric designs and choices of wood grain are sure to suit every taste. All cabinet finishes are available in combination with all fabric schemes.
We offer a variety of exterior paint packages.

Aside from our unparalleled customer service, one of the things that Tiffin has been known for over the years is innovative, functional floorplans.
