2013 Phaeton with maroon coral exterior

Living Area

40 QBH floor plan with optional entertainment center/Mystere fabric Suite with English chestnut cabinets
How much do people love the Phaeton?

Let us count the ways. Not only is it Tiffin’s best-selling model, the Phaeton is also America’s favorite Class A diesel motor home, ranking as the No. 1 seller for the past six years. For 2013, this model is better than ever, updated with options and modifications suggested by the most discerning motor home critics we know—Tiffin owners. From the additional 110-volt plugs, to an ice and water dispenser in the door of the residential refrigerator, these little touches will make a big difference in comfort on the road. The living is easy in the spacious living area, too, with both driver and passenger seats that turn to face guests on the two sofas. As for storage, opt for a tankless water heater and gain an entire basement compartment. What’s more, you’ll be pleased at how affordable the luxurious 2013 Phaeton is—and who doesn’t love that?
InterIor DÉCOr
With upscale finishes and intricate design details, Tiffin Motorhomes sets the standard for interior luxury in the RV industry, providing a beautiful backdrop to personalize to your taste. For the 2013 Phaeton, you have three exclusive interior fabric suites to choose from. All are designed to complement the hardwood cabinetry built by hand by our Red Bay craftsmen, as well as your personal decorative touches. This model also features a new valance design for a more stylish, up-to-date décor.

Phaeton cabinet doors & fascias are made of solid wood, & all cabinet finishes are available in combination with any fabric suite. All options may not be available in every model. Because of progressive improvements, specifications, standard & optional equipment are subject to change without notice or obligation. For a complete & up-to-date list of available options & specifications, visit tiffinmotorhomes.com.

WHY BUY A TIFFIN MOTORHOME?
No one invests more time and effort into the construction and engineering of motor homes than we do at Tiffin. To ensure superior quality, we design and make many parts ourselves, such as our roof cap, one piece of moisture-resistant molded fiberglass that prevents water intrusion and seamlessly seals a 5½" layer of formed insulation. Outside wall panels are gel-coated fiberglass over high performance thermal insulation. Underfoot, the porcelain tile floor is bonded to high-impact oriented strand board, which is secured atop thermal insulation and a woven moisture barrier material. Underneath it all, every model is built on an inner frame of durable, tubular aluminum. As a new coach comes off the line, we think the result speaks for itself: There isn’t a more comfortable, better-built motor home on the road today.

10-YEAR LIMITED FRAME WARRANTY
We warranty the frame of the walls, floors, and roof for 10 years.

5-YEAR LIMITED SIDEWALL BOND WARRANTY
We warranty the sidewall against delamination between the outside fiberglass and the inner frame for 5 years.

facebook.com/tiffinmotorhomes twitter.com/tiffinmotorhome

Over the years, my family and I have had the pleasure of meeting many of our wonderful Tiffin customers. They’re truly among the nicest folks in the world. So, if you’re thinking about buying a Tiffin, don’t be shy about asking our owners to tell you about their experiences. After all, no one knows our coaches better than the people who drive them. Of course, we’d love the chance to chat with you, too, so give us a call, visit our website, or just stop by the office if you’re ever in Red Bay.

Safe travels!
