From the moment you set foot in the 2020 Phaeton®, you’ll understand why it has been a customer favorite for more than a decade. Its newly reimagined front and rear caps give style and performance new meaning. The Phaeton is incredibly luxurious, offering an abundance of upscale amenities as standard features. Available in a multitude of floor plans, finishes, and décors, the Phaeton pampers you with an extraordinary level of elegance and comfort. For those who want to travel in style, this coach is for you.
Main Living Area

The welcoming living area invites relaxation, with upscale furnishings and tasteful neutral tones to complement your preferred décor. Then make it yours with six floor plans, three new décor packages, and two new floor tile options. Innovative engineering adds convenience by providing an electric command center that controls features throughout the coach. A Lift TV console that keeps the TV hidden when not in use is also available on select floor plans.

Left to right: Living Area 40 IH with Sterling cabinets, Coastal Sand décor, Living Area 40 QBH with Amber Glazed cabinets, Trend Beige décor.
The cool brightness of LED lighting illuminates interiors, using a fraction of the energy of incandescent bulbs to preserve the coach’s battery life.
Master Suite

A queen-sized memory foam mattress offers a restful landing place, or upgrade to a king-sized bed for more room. Entertainment is everywhere with its surround sound, TV, and DVD player. Belongings are easily organized with a chest of drawers, laundry hamper, large closet, and under bed storage. The adjoining master bath now features revised doors for easy entrance.
Tiffin-crafted solid wood cabinets, drawers, and closets add more storage than many larger-sized models.
Reflecting over four decades of innovation, Tiffin’s exclusive, custom-built PowerGlide Chassis included on the 40 IH and 44 OH demonstrates our ongoing commitment to delivering a motorhome experience that’s precisely engineered for durability, reliability, performance, and control wherever your journey takes you.

**MULTIPLEX WIRING WITH DIAGNOSTICS**

The PowerGlide’s multiplexed electrical system, with auto-reset fuses and relays, uses less wiring and increases reliability, efficiency, and flexibility.

**DYNAMOMETER TESTING**

Our dynamometer testing simulates full power road testing, enabling us to better assess engine performance, cooling system function, and instrumentation.

**POWERGLIDE CHASSIS WARRANTY**

The PowerGlide carries a Tiffin-backed limited warranty for three years or 50,000 miles against defects in materials and workmanship.

**HUCK-BOLTED CONSTRUCTION**

Huck Bolts are precision engineered two-piece fasteners. Huck Bolts are vibration resistant and provide direct metal to metal contact when installed.
