Only a few Zephyrs roll off our line in Red Bay each year, but for the families that make it a part of their travels, it’s an experience unlike any other. The Zephyr embodies the best of everything we’ve learned about building a luxurious motor home. From front to back, it offers freedom and comfort like nothing else on the road. Six stunning exterior color options include standard BASF full body paint plus a front cap protective film to keep the finish looking beautiful. 2010 brings the option of an all-electric coach with a flat glass cooktop, eliminating the propane tank in favor of storage. Three air conditioners with electric heat pumps keep everyone comfortably warm or refreshingly cool year-round. Two different 45-foot floor plans make room for everything in your life. The 45 QBZ offers a large rear bath and half bath just off the living room, perfect for guests.
When the road calls, your Zephyr can answer with authority, thanks to a 500 HP Cummins ISM 10.8-liter engine paired with a Spartan K2 chassis. Sink into the Flexsteel® Ultra Leather six-way power seat, turn on the GPS, and you’re ready to go. You can also stop with confidence, courtesy of the two-stage engine brake system. A reverse-activated camera and turn-signal activated side-view cameras are standard, as are an intelligent energy management system, built-in satellite radio (subscription optional), exterior keyless entry, and a new top-of-the-line SeeLeveL electronic tank monitor.
ACTUALLY, YOU CAN ENGINEER HAPPINESS.

At Tiffin, our engineers employ innovative construction techniques, like the unique drainage system in the roof to channel A/C condensation. And we use high-quality components, such as laminated sidewalls and floors to provide ultimate durability and sturdiness on the road. This ensures our owners enjoy lasting value, year after year. For a complete list of specifications and options, please visit tiffinmotorhomes.com

CONSTRUCTION SPECIFICATIONS

ROOF
1. One-piece, moisture resistant molded fiberglass roof cap provides insulation and strength and prevents water intrusion
2. A/C Condensation Drainage System that runs internally through the roof insulation and down the sidewalls, redirecting water underneath the motor home
3. 5⅝" formed insulation
4. Quiet Air Cooling System with return air and foil-wrapped cooling exhaust ducts
5. Durable, tubular aluminum roof skeleton
6. Easy-to-clean soft touch vinyl ceiling panel

SIDEWALL
1. Gel-coat fiberglass outside wall panel
2. High-performance thermal insulation
3. Durable, yet lightweight, tubular aluminum wall skeleton
4. Decorative inside wall panel

All sidewalls are approximately 2" thick.

FLOOR
1. Porcelain tile floor bonded to high-impact oriented strand board
2. High-level engineered oriented strand board
3. High-performance thermal insulation
4. Durable, tubular steel floor skeleton
5. Woven moisture barrier material
### TECHNICAL SPECIFICATIONS

#### AUTOMOTIVE

**STANDARD EQUIPMENT ON ALL MODELS:**

- 500 HP @ 1,900-2,000 rpm Cummins ISM 10.8-liter Engine
- Allison 4000 MH Transmission
- Heavy Duty Rear Hitch with 15,000 lb. Towing Capacity
- Six Aluminum Wheels
- Independent Front Suspension
- Two-stage Engine Brake
- Full Air Brakes
- VIP Smart Wheel
- Hadley SLS - Automatic Air Leveling System
- Fog Lights

#### SPARTAN K2 CHASSIS

In a Zephyr, no detail is overlooked. Water closet sinks are the latest above-counter vessel design that you would see in the finest homes. Ceiling air vents are elegantly concealed by a decorative panel. The stacked washer/dryer is discreetly placed out of sight in its own closet. Even the shower skylight has a sliding cover to reduce daytime heat. This year’s Zephyr offers two color schemes, Belair and Graphite, and six distinctive cabinet color options. Tile floors are standard in the living areas and baths, with the option of full tile throughout in the 45 QBZ. A luxurious king-sized bed is standard, with an optional memory foam mattress to give you an even more luxurious night’s rest. The versatile kitchen with an Expand-an-island gives you a double-bowl stainless steel sink and vast counter space.

WHEREVER YOU GO, WE GO.

These days, that simple promise carries more weight than ever. In a time when some companies have struggled, a manufacturer who stands behind the product they build has never been more important. We’ve never been prouder of the strength of our company, our warranty and service plan (still the best in the motor home industry), and most importantly, the trust we’ve built with a very special group of motor home owners. We understand the richness that travel brings to your life, and our family is so proud of the relationship we have with yours. You are the reason we do what we do and why we never stop working to build a better Tiffin experience for you.

WARRANTIES THAT GO WHEREVER YOU GO.

10-YEAR LIMITED UNITIZED CONSTRUCTION WARRANTY – The structural integrity of the entire coach is guaranteed for the next 10 years. Warranty includes wall separation and inner frame weakness.

5-YEAR LIMITED LAMINATION WARRANTY – We guarantee against all exterior fiberglass delamination or wall separation.

Start your journey by visiting our website. We’d love to hear from you, so give us a call, send us a postcard or stop by our office the next time you pass by Red Bay. Because remember, wherever you go, we go.

Sincerely,

11/2009
